

Dear Certified Crop Advisor:

UW-Extension, Cooperative Extension is seeking your assistance in recruiting qualified people for a Regional Nutrient Management Outreach Specialist position with Discovery Farms. We would appreciate it if you would please forward this information to anybody you know who may be interested in the position.

The Regional Nutrient Management Outreach Specialist plays a lead role in the development and delivery of agricultural nutrient management educational programs within the multi-county southwest region of Wisconsin. The Outreach Specialist works in collaboration with county-based Cooperative Extension faculty and staff, as well as UW System campus-based specialists doing research in related areas. This position serves as a link between UW-Extension Discovery Farms, UW-Madison Nutrient & Pest Management Program, UW-Platteville Pioneer Farm, and producers in southwest Wisconsin. The programming emphasis of this position is the delivery of the Nutrient Management Farmer Education curriculum in conjunction with partner organizations including county Land Conservation Departments, USDA-Natural Resources Conservation Service, technical colleges, and agri-business personnel.

Additional information, including a complete position description and application instructions, can be found on our website at www.uwex.edu/ces/hr. Questions about the position may be directed to Cooperative Extension Human Resources (608-253-1945) or Discovery Farms (715-983-5668). We appreciate your assistance on our behalf.

Best Regards,

Julie A. Jaksa
CE Human Resources Manager
